

**LEARN SPANISH WITH UNIVERSE OF COLORS
MONDAY AND WEDNESDAY 7:30am to 8:10am
Levels 2 and 3. Grades 1st-4th**

Universe of Colors LLC, is a Foreign Language Immersion School. Our “Full Body Immersion” Methodology incorporates both mind and body into the learning process. We believe students develop at greater levels when learning activities include a physical component, which stimulates brain development.

Every other week, parents will receive an email with the list of activities and vocabulary children have been learning and should be able to use and practice at home.

This class is for returning students or students with previous Spanish knowledge. During the first week of class they will be reviewing learned concepts. Going forward they will start learning new phrases and vocabulary through board games, demonstration, story time, class participation, art, hands-on and physical activities.

During the 3 sessions, fall, winter and spring, lessons will be planed in a way that students will be progressing on their language skills.
